# PRODUCT DESCRIPTION

There are a lot of unexpected things that could happen before or during your trip that could cause you to lose your trip investment or require you to pay unexpected costs. This product provides coverage for a wide variety of unexpected expenses including trip cancellation, trip interruption, trip delay, baggage, as well as other travel accident expenses. No coverage is provided for emergency medical expenses.

This product is for people who plan on taking one trip (Single Trip Plan) or multiple trips (Annual Plan) within a year.

If you plan on taking one trip in a year, you can purchase a **Single Trip Plan**.

Whether you buy a Single or Annual Plan, the coverage under the policy remains the same.

If you plan on taking more than one trip in a year, you can purchase an **Annual Plan**. An Annual Plan provides coverage for any number of trips you take in a year.

A 30-day plan option is available.

## 30-Day Annual Plan

- Provides up to 30 days of coverage
- Coverage begins on the day you leave for each of your trips

For example:

You take three trips in a year. Your third trip is from Jun 5<sup>th</sup> to Jun 21<sup>st</sup>.

SUN	MON	TUES	WED	THU	FRI	SAT
	1	2	3	4	5	6
7	8	9	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28						

Coverage begins on June 5th and ends on June 21st.

*Coverage is provided for the entire trip since it is less than 30 days.*

Here is a summary of the product's main coverages:

<p><b>Trip Cancellation</b> (See policy – pages 9-19)</p>	<p>Need to cancel your trip, before your trip departure date, because of an unexpected reason listed in the policy, such as an injury to yourself, a family member's sudden death, or a schedule change that causes you to miss your flight entirely? This benefit reimburses you for the unused, non-refundable <b>TRIP COST</b> payments you've made.</p>
<p><b>Trip Interruption</b> (See policy – pages 9-19)</p>	<p>This benefit covers you in case you have to end a trip that's already begun (on or after your trip departure date) for an unexpected reason such as your own sudden illness, the illness of your travelling companion, or a delayed flight that causes you to miss a large part of your trip.</p>
<p><b>Trip Delay</b> (See policy – pages 20-22)</p>	<p>Even if your trip is delayed due to unexpected reasons, you may still want to catch up and enjoy the rest of it. For example, you could find out, after arriving at the airport, that your flight is delayed until the next morning because of a snowstorm. This benefit helps cover your hotel fees and meal expenses while you wait.</p>
<p><b>Baggage</b> (See policy – pages 22-24)</p>	<p>Coverage is provided if your luggage is lost, stolen, or damaged during your trip. Reimbursement is also available if your passport, travel visa, birth certificate, and/or driver's license is lost, stolen, or damaged.</p>
<p><b>Travel Accident</b> (See policy – pages 24-27)</p>	<p>Coverage is provided if you suffer a loss of life or loss of a limb while travelling on your trip.</p>

**What is my TRIP COST?**

Your trip cost is any money you paid related to your trip. This can include the cost of your airline ticket, hotel, tour, cruise, etc.

# WHAT IS COVERED?

To know what your maximum reimbursement would be for each benefit, see the 'Schedule of Maximum Benefits' on page 7 of the policy.

## Trip Cancellation (See policy - pages 9-19)

We reimburse your non-refundable trip cost payments if you are unable to go on your trip for one of the unforeseen, listed reasons in the policy.

There are several reasons why you might cancel a trip. Two of the main reasons are because either you, your family member, or your travelling companion get sick or injured before the trip begins.

If you need to cancel your trip, the policy pays up to the trip cost amount you purchase. Some expenses are reimbursed up to a fixed amount.

### ***For Example:***

*You purchase a \$3,000 trip and purchase insurance to protect your \$3,000 trip cost. One week before leaving for your trip, you unexpectedly fall ill. Your doctor tells you not to travel, so you cancel your trip. With a TIPS Non-Medical Plan, you would be eligible for reimbursement for any unused, non-refundable costs up to \$3,000 (your total trip cost).*

## NOTES

- *If you need to cancel your trip because of an unexpected event, tell your travel agent within 72 hours of the event. If you do not, any reimbursement you receive will be limited to cancellation penalties that were in effect within 72 hours of that event.*
- *Trip Cancellation only applies if the policy is purchased prior to or within 72 hours of the final payment date.*
- *We will not reimburse any refunds or credits (including future travel vouchers) you are entitled to receive from your travel.*
- *If a travel supplier or carrier goes bankrupt or shuts down, there may be a provincial compensation fund you can receive reimbursement from. We reimburse you, in excess of a compensation fund, up to your sum insured trip cost to a maximum of \$3,500.*
-

## **Trip Interruption**

**(See policy - pages 9-19)**

We reimburse your unused, non-refundable trip cost payments and make sure you get home if you are unable to continue on your trip for one of the listed reasons in the policy.

For example, if a family member at home gets sick and you need to return home, we will pay for your return flight home. In addition, we will reimburse your non-refundable costs for any missed travel days up to the trip cost amount you purchased. Some expenses are reimbursed up to a fixed amount.

### ***For Example:***

*You are already on your trip, when you hear that your father has become seriously ill. You decide to stop your trip and return home to care for him. The only available flight home is tomorrow morning which means you need to wait and book a hotel close to the airport so you can catch the early morning flight home.*

*With a TIPS Non-Medical Plan, you would be eligible for reimbursement for:*

- *your cost to return home (full cost);*
- *any non-refundable days you haven't used (up to your trip cost); and*
- *up to \$350 per day to a maximum of \$1,000 for unexpected accommodation and any meals (fixed amounts).*

## **Trip Delay**

**(See policy - pages 20-22)**

We reimburse certain unexpected costs you have to pay when your travel is delayed due to the reasons listed in the policy.

### ***For Example:***

*You are travelling and have a connecting flight which is scheduled as the last flight of the day. Due to a delay in your first flight leaving for a reason beyond your control, you miss your connecting flight and since there are no other flights that day you need to spend a night in a hotel and leave on the first available flight the next morning. The airline also charges you a change fee. Since the total delay is more than 6 hours, with a TIPS Non-Medical Plan you would be eligible for reimbursement for:*

- *the change fees or additional fares to continue on your trip (up to \$1,500); and*
- *up to \$350 per day to a maximum of \$1,000 for accommodations and meals.*

## **NOTE**

- *Trip Delay coverage is meant to help you with the extra expenses to catch up to your trip. If you experience a delay, you need to make reasonable efforts to continue on your covered trip.*

## **Baggage**

**(See policy – pages 22-24)**

We reimburse any direct expenses you need to make if your baggage is lost, stolen, damaged or delayed during your trip.

***For Example:***

*You reach your travel destination when you realize your luggage is not there with you! The airline staff later confirm that it is lost. With a TIPS Non-Medical Plan, you would be eligible for reimbursement up to \$1,500 for the replacement of your baggage and its contents.*

**Reimbursement for some baggage items is limited, including your birth certificate, passport and cash. See pages 22-24 of the policy for details.**

## **Travel Accident**

**(See policy - pages 24-27)**

We pay the maximum benefit if you suffer a loss of life or loss of a limb while on your trip.

## **Travel Assistance**

**See page 12 of this summary for details.**

## NOTE

- *This policy is secondary to all other sources of coverage and all other sources of recovery.*

## WHAT IS NOT COVERED?

### What are the reasons we will not pay a claim?

There are several situations and reasons why your claim may not be paid. These are **listed in the policy** in the Policy Exclusions section (see pages 27-32).

The most common reason for denial is due to a **pre-existing condition** that is not stable.

A **pre-existing condition** is a medical condition that exists before your **effective date** (the date when coverage under your policy starts). See page 5 of this summary to review when coverage starts.

**Not sure if you have a pre-existing condition?  
Consult with your doctor.**

A **pre-existing condition** must be **stable** for a certain number of days before your **effective date**.

**Stable** means:

1. You didn't have any new treatment, changes to treatment, or stoppage of treatment;
2. There were no changes to any prescribed drugs you take (including increases, decreases, or stoppages);
3. Your condition didn't get worse;
4. None of your symptoms changed;
5. You weren't admitted to a hospital or referred to a specialist;
6. No recommended tests or investigations were pending; and
7. You didn't have treatment planned or pending.

**All** points above must be true for a condition to be stable.

## NOTE

- *The number of days that your pre-existing condition needs to be stable is different for different coverages and ages. See the charts below for details.*

### **Trip Cancellation Coverage (under a single trip plan):**

<b>Your Age</b>	<b>Pre-Existing Condition Stability Period</b>
<b>0-59</b>	<b>60 days</b> before (and including) the day you buy the policy
<b>60 and over</b>	<b>90 days</b> before (and including) the day you buy the policy

### **Trip Cancellation Coverage (under an annual plan):**

<b>Your Age</b>	<b>Pre-Existing Condition Stability Period</b>
<b>0-59</b>	<b>60 days</b> before (and including) the later of the day you buy a) the policy; or b) a trip
<b>60 and over</b>	<b>90 days</b> before (and including) the later of the day you buy a) the policy; or b) a trip

### **Trip Interruption Coverage (under a single trip plan or annual plan):**

<b>Your Age</b>	<b>Pre-Existing Condition Stability Period</b>
<b>0-59</b>	<b>60 days</b> before (and including) the day you leave for your trip
<b>60-74</b>	<b>90 days</b> before (and including) the day you leave for your trip
<b>75 and over</b>	<b>180 days</b> before (and including) the day you leave for your trip

There is **no** coverage for these conditions, even if they are stable:

1. A heart condition that needs nitroglycerine more than once a week; or
2. A lung condition that needs home oxygen or oral steroids.

# PRE-EXISTING CONDITION EXAMPLE

Mary is 50 years old and has a pre-existing condition of migraines...

<b>June 10<sup>th</sup></b>	Mary books a trip to France to travel from July 1 <sup>st</sup> to July 10 <sup>th</sup> and purchases a TIPS Non-Medical policy.
<b>June 30<sup>th</sup></b>	<p>One day before she is set to leave for her trip, Mary decides to cancel her plans because she is experiencing migraines.</p> <p>Mary files a claim with her insurance company for the following pre-paid, non-refundable costs:</p> <ul style="list-style-type: none"> <li>• \$1,500 for her flight</li> <li>• \$1,000 for her hotel fees</li> </ul>
<b>July 2<sup>nd</sup></b>	In processing the claim, the insurance company finds medical documentation which indicates that Mary was seen on June 1 <sup>st</sup> for migraine pain and that her doctor later scheduled her to have an MRI done.

In this example, Mary is filing a claim for her non-refundable costs of \$2,500 (trip cancellation coverage). Because Mary is 50 years old and claiming for cancellation coverage, her pre-existing condition needs to be stable for 60 days before her policy purchase date (June 10<sup>th</sup>).

Mary's condition was not stable because her condition got worse/her symptoms changed on June 1<sup>st</sup>, during the 60-day period leading up to June 10<sup>th</sup>. As a result, her trip cost of \$2,500 would not be covered under the policy.

Generally, the older you are, the longer you are travelling, and the higher your trip cost, the higher your premium will be.

Note: Residents of Quebec have to pay a sales tax on top of their premium. There are no other fees or expenses.

**If you have any questions or concerns, speak with your travel agent.**

The purpose of this fact sheet is to inform you of your rights.

## LET'S TALK INSURANCE!

Name of distributor: \_\_\_\_\_

Name of insurer: \_\_\_\_\_

Name of insurance product: \_\_\_\_\_

### IT'S YOUR CHOICE

**You are never required to purchase insurance:**

- that is offered by your distributor;
- from a person who is assigned to you; or
- to obtain a better interest rate or any other benefit.

Even if you are required to be insured, **you do not have to** purchase the insurance that is being offered. **You can choose** your insurance product and your insurer.

### HOW TO CHOOSE

To choose the insurance product that's right for you, we recommend that you read the summary that describes the insurance product and that must be provided to you.

### DISTRIBUTOR REMUNERATION

A portion of the amount you pay for the insurance will be paid to the distributor as remuneration. The distributor **must** tell you when the remuneration exceeds 30% of that amount.

### RIGHT TO CANCEL

The Act allows you to rescind an insurance contract, **at no cost**, within 10 days after the purchase of your insurance. However, the insurer may grant you a longer period of time. After that time, fees may apply if you cancel the insurance. **Ask** your distributor about the period of time granted to cancel it **at no cost**.

If the cost of the insurance is added to the financing amount and you cancel the insurance, your monthly financing payments might not change. Instead, the refund could be used **to shorten the financing period**. **Ask your distributor for details**.
